$$\sigma = \frac{J_{\mathrm{pk}} T_{\mathrm{sys}}}{\eta \sqrt{N_a(N_a-1)} T_{\mathrm{ON}} B} \frac{1}{\sqrt{N_{\mathrm{pol}}}}$$

A pixelated, black and white graphic of the text "2017" in a stylized, blocky font. The digits are composed of a grid of black and white pixels, giving it a retro, digital appearance. The "2" and "7" have a slight curve, while the "0" and "1" are more rectangular. The overall style is reminiscent of early computer graphics or video game titles.
