$$\tan \frac{\theta}{2}$$

$$\cos \theta = \sin \theta + \cos \theta$$

$$r_{\text{AIPS}} = 2 \frac{\sin \theta}{1 + \cos \theta}$$

$$r_{\text{AIPS}} = 2 \tan \frac{\theta}{2}$$

$$\tan x = \frac{\sin x}{\cos x} = \frac{2 \sin x \cos x}{2 \cos^2 x} = \frac{\sin 2x}{1 + \cos 2x}$$

A pixelated, black and white graphic of the text "over the rainbow" in a cursive font. The letters are thick and stylized, with a dithered or pixelated texture. The word "over" is on the left, followed by "the", then "rainbow". The letters are connected in a cursive style, with loops and flourishes. The overall appearance is reminiscent of early digital art or a low-resolution scan of a handwritten note.
