Wormholes are

A pixelated, grayscale image of the word "EWE" in a stylized, blocky font. The letters are composed of various shades of gray and black pixels, giving it a digital or retro aesthetic. The background is white.

A pixelated, grayscale image of the word "Google" in its characteristic font. The letters are composed of various shades of gray and black pixels, giving it a low-resolution, digital-art appearance. The word is centered horizontally and occupies the middle portion of the image.

A pixelated, grayscale image of a T-shirt, likely a template for a design. The image shows the front view of a short-sleeved shirt with a crew neck. The shirt is rendered in a dithered style, with various shades of gray and black pixels forming the fabric texture and the shape of the garment. The background is white.
